Resolution 3: Election of Mr Stewart Butel as a Non-Executive Director

Rule 36.2 of the Constitution requires that any Director appointed to the Board under Rule 36.1 of the Constitution, either to fill a casual vacancy or as an addition to the Board, must retire at the next Annual General Meeting following his or her appointment, but is eligible for election at the Annual General Meeting.

Resolution 4: Election of Mr Neal O'Connor as a Non-Executive Director

As outlined above, rule 36.2 of the Constitution requires that any Director appointed to the Board under Rule 36.1 of the Constitution, either to fill a casual vacancy or as an addition to the Board, must retire at the next Annual General Meeting following his or her appointment, but is eligible for re-election at the Annual General Meeting.

Resolution 5: Adoption of Remuneration Report

The Remuneration Report

The Remuneration Report is set out in the Directors' Report section of the Annual Report. The Annual Report is available for download on the Company's website, www.stanmorecoal.com.au.

In summary the Remuneration Report:

- explains the Board's policy for determining the nature and amount of remuneration of executive directors and other Key Management Personnel;
- explains the relationship between the Board's remuneration policy and the Company's performance;
- sets out remuneration details for each Director and the other most highly remunerated Key Management Personnel; and
- details and explains any performance conditions applicable to the remuneration of executive Directors and other Key Management Personnel.

The Company's business strategy of managing an operating coal business can only be achieved by identifying and retaining high calibre employees with appropriate experience and capability. Developing an appropriate compensation strategy for the Company's employees is a key factor in

ensuring employees are engaged and motivated to improve the Company's performance over the long term. The Board's intention is to maximise stakeholder benefit from the retention of a high quality Board and executive team without creating an undue cost burden for the Company. The Board regularly reviews the appropriateness of employees' fixed compensation considering the Company's cost structure and the practices of its peers.

Directors' recommendation

Noting that each current Director has a personal interest in their own remuneration from the Company as set out in the Remuneration Report, and that each of them (and their Closely Related Parties) would be excluded from voting on the Resolution, the Board unanimously recommends that Shareholders vote in favour of adopting the Remuneration Report.

In accordance with section 250R(3) of the Corporations Act, the vote is advisory only and does not bind the Directors or the Company.

SPECIAL BUSINESS

Resolution 6: Further Approval of Grant of FY17 Rights to Mr Dan Clifford, Managing Director

At the 2016 Annual General Meeting (**2016 AGM**) shareholder approval under Listing Rule 10.14 was sought and obtained to make an invitation to Mr Dan Clifford, Managing Director to apply for up to 531,497 Rights under the SCLRP (**FY17 Rights**). The FY17 Rights constituted Mr Clifford's long term incentive for the 2017 financial year and were to be issued on the terms and conditions outlined in the notice of meeting for the 2016 AGM (available on the Company's website).

The Explanatory Memorandum for the approval resolution in the 2016 AGM stated that the FY17 Rights would be granted within one month of the resolution being approved. Due to an administrative oversight, the FY17 Rights were not granted within that time period.

Accordingly, the Company again seeks further Shareholder approval to permit the grant of the FY17 Rights to Mr Clifford.

The target number of Rights was calculated by first multiplying Mr Clifford's base salary from the date of commencement for FY17 (ie the pro-rata base salary paid in FY17) by the target long term incentive percentage (50%) and then dividing that figure by \$0.47246, being the 10 day VWAP of Shares in the 24 hours following the release of the Company's 2016 annual financial results (**Target Rights**). The 531,497 Rights proposed to be issued to Mr Clifford are double the number of Target Rights, recognising that at maximum performance, the stretch award (and therefore the maximum number of Rights that may vest) is double that of the target (see table below).

The type of Rights proposed to be issued to Mr Clifford are Performance Rights (see **Annexure A** for further information).

The measurement period for the vesting of Mr Clifford's Rights is three years, commencing on 1 July 2016 and ending on 30 June 2019.

Vesting Condition

In order for Rights to vest, Mr Clifford must remain employed by the Company during the measurement period (except in the case of death, disablement etc. – see **Annexure A** for further details) and the Vesting Condition must be satisfied.

The Vesting Condition in relation to this proposed grant of Rights is performance relative to a scale of outcomes related to Absolute Total Shareholder Return (**ATSR**) with the vesting percentages (of the grant) to be determined by the following scale:

Performance Level	ATSR of Company Compound Annual Growth Rate (CAGR)	% of Rights vesting
Stretch	58.74%	100%
Between Target and Stretch	>44.22%, < 58.74%	Pro-rata
Target	44.22%	50%
Between Threshold and Target	>25.99%, < 44.22%	Pro-rata
Threshold	25.99%	0%
Below Threshold	<25.99%	0%

ATSR is the change in the Share price over the measurement period plus any dividends paid during the measurement period, assumed to be re-invested in Shares.

In considering the performance levels, the Board has adopted a nominated Share price at 1 July 2016 of \$0.30 per Share and a threshold Share price of \$0.60, a target Share price of \$0.90 and a stretch Share price of \$1.20 to determine the ATSR of the Company Compound Annual Growth Rate (CAGR) shown in the above table. Given the measurement of the performance level will be the 10 day VWAP of Shares at 30 June 2019, the Non-Executive Directors believe the Vesting Condition to be appropriate.

The Board retains a discretion to modify vesting in the case that the circumstances that prevailed over the measurement period materially differed from those expected at the time the vesting scale was determined, which is intended to be used when the application of the vesting scale would lead to an outcome that may be viewed as inappropriate.

The other key features of the proposed FY17 grant of Rights to Mr Clifford are summarised in **Annexure B**.

Information required by Listing Rules

Listing Rule 10.14 requires the Company to obtain Shareholder approval for the issue of securities to a Director under an employee incentive scheme. Accordingly, the Company is seeking Shareholder approval for the proposed grant of Rights to Mr Clifford, as set out below.

Listing Rule 10.15 requires certain information to be given to Shareholders. This information is supplied in the table below.

Name of Director	Dan Clifford.
Details of proposed issue	
Maximum number of Rights to be approved under Resolution 6	531,497 Rights.
Date by which the Rights will be granted	Within twelve months of the Resolution being approved.
Names of any persons referred to in Listing Rule 10.14 entitled to participate in the SCLRP	Dan Clifford.
Issue price	Nil.
Details of previous issues	
Number of Rights issued under SCLRP	No Rights have been issued to Mr Clifford or any other Directors under the SCLRP.
Securities issued to persons under Listing Rule 10.14 since the last Shareholder approval on 30 November 2016	381,732* *286,747 Forfeited due to resignation

The current Directors (with Mr Clifford abstaining) unanimously recommend that you vote in favour of Resolution 6.

Resolution 7: Grant of FY18 Rights to Mr Dan Clifford, Managing Director

Mr Clifford's Executive Services Agreement with the Company, the material terms of which were disclosed in the ASX announcement of 4 October 2016, contains a provision for his remuneration to include an annual component of long term incentive opportunity which is the subject matter of this Resolution and Resolution 6 above.

It is proposed that a total of 1,105,020 Rights will be offered to Mr Clifford in FY18. The target number of Rights have been calculated by first multiplying his base salary for FY18 by the target long term incentive percentage (50%) and then dividing that figure by \$0.3685, being the 10 day VWAP of Shares in the 24 hours following the release of the Company's 2017 annual financial results (**Target Rights**). The 1,105,020 Rights proposed to be issued to Mr Clifford is double the number of Target Rights, recognising that at maximum performance, the stretch award (and therefore the maximum number of Rights that may vest) is double that of the target (see table below).

The type of Rights proposed to be issued to Mr Clifford are Performance Rights (see **Annexure A**).

The measurement period for the vesting of Mr Clifford's Rights is three years, commencing on 1 July 2017 and ending on 30 June 2020.

Vesting Condition

In order for Rights to vest, Mr Clifford must remain employed by the Company during the measurement period (except in the case of death, disablement etc. – see **Annexure C** for further details) and the Vesting Condition must be satisfied.

The Vesting Condition in relation to this proposed grant of Rights is performance relative to a scale of outcomes related to Absolute Total Shareholder Return (**ATSR**) with the vesting percentages (of the grant) to be determined by the following scale:

Performance Level	ATSR of Company Compound Annual Growth Rate (CAGR)	% of Rights vesting
Stretch	52.86%	100%
Between Target and Stretch	>39.49%, < 52.86%	Pro-rata
Target	39.49%	50%
Between Threshold and Target	>22.92%, < 39.49%	Pro-rata
Threshold	22.92%	0%
Below Threshold	<22.92%	0%

ATSR is the change in the Share price over the measurement period plus any dividends paid during the measurement period, assumed to be re-invested in Shares.

In considering the performance levels, the Board has adopted a nominated Share price at 1 July 2017 of \$0.35 per Share and a threshold Share price of \$0.65, a target Share price of \$0.95 and a stretch Share price of \$1.25 to determine the ATSR of the Company Compound Annual Growth Rate (**CAGR**) shown in the above table. Given the measurement of the performance level will be the 10 day VWAP of Shares at 30 June 2020, the Non-Executive Directors believe the Vesting Condition to be appropriate.

The Board retains a discretion to modify vesting in the case that the circumstances that prevailed over the measurement period materially differed from those expected at the time the vesting scale was determined, which is intended to be used when the application of the vesting scale would lead to an outcome that may be viewed as inappropriate.

The other key features of the proposed FY18 grant of Rights to Mr Clifford are summarised in **Annexure C**.

Annexure A – Summary of key features of the SCLRP

Aspect	Details
Instrument	<p>The SCLRP uses Rights which are entitlements to the value of Shares which may be satisfied either in cash and/or in Shares. Generally it is expected that vested Rights will be satisfied in Shares. The price to exercise the Rights is nil, however vesting is performance tested. The value that will be realised is then a function of performance against indicators (Vesting Conditions) and the Share price at the time of vesting.</p> <p>The SCLRP allows for the Board to issue up to three types of Rights which may be appropriate forms of remuneration under various circumstances, being:</p> <ul style="list-style-type: none"> • Performance Rights which vest when performance conditions have been satisfied; • Service Rights which vest after the completion of a period of service; and • Deferred Rights which relate to amounts of deferred payments already earned and which are not subject to vesting conditions. <p>It is not currently anticipated that Deferred Rights or Service Rights would be used, and the majority of grants under the SCLRP are intended to be Performance Rights.</p>
Eligibility	<p>Selected senior executives as nominated by the Board are eligible to participate. Participants would need to be employees, however, it is possible to include contractors. Non-Executive Directors are not eligible so as to ensure their independence with regards to the oversight of the SCLRP.</p>
Terms & Conditions	<p>The Board has the discretion to set the terms and conditions on which it will offer Rights under the SCLRP, including the Vesting Conditions and modification of the terms and conditions as appropriate to ensuring the plan operates as intended. All Performance and Service Rights offered will be subject to Vesting Conditions and, in the case of Performance Rights, the conditions are intended to be challenging and linked to growth in Shareholder value. The terms and conditions of the SCLRP include those aspects legally required as well as a method for calculating the appropriate number to vest in the circumstances of a change of control, a major return of capital to Shareholders and the treatment of Rights in the circumstances of various forms of termination.</p>
Number of Rights	<p>The number of Rights to be offered will be at the discretion of the Board. It is intended that the number of Rights to be granted will be determined annually with regard to the participant's base package, relevant market practices and the relevant policies of the Company regarding their remuneration.</p>
Vesting	<p>Performance Rights will be the main form of Right that will be used and they will vest based on the Company's performance. Service Rights and Deferred Rights may also be used from time to time to retain key talent, or defer short-term incentives. Upon the satisfaction of the Vesting Conditions, the value of Rights that vest will be evaluated and will either be paid in cash, converted into Shares based on the then Share price, or a combination of cash and Shares. No exercise price is required to convert the Rights into Shares. Generally it is expected that vested Rights will be converted into Shares. In the case of Deferred Rights, exercise will be automatic 90 days following grant.</p>
Measurement Period	<p>The measurement period may be determined by the Board as part of each offer, but is intended to be three years (starting from the beginning of the financial year in which a grant is made) with no vesting prior to performance being tested at the end of the three years between the start of the financial year in which the grant is made, and</p>

	the end of the third financial year. Different measurement periods may be applied when warranted. The life of the Rights may differ from the measurement period and be shorter when shareholder approval for grants cannot be obtained until after the beginning of the measurement period.
Vesting Conditions	Vesting Conditions are to be determined by the Board as part of each offer, however the conditions selected are intended to create alignment with the experiences and expectations of shareholders over the measurement period. Initially, Vesting Conditions will be performance relative to a scale of outcomes related to Absolute Total Shareholder Return (ATSR) in respect of the Shares.
Retesting	The SCLRP rules allow for a single retest to apply 12 months following the first test, only if the executive is still employed, and nil vesting occurred at the first test. The start of the measurement period would not be affected by retesting, and retests should only apply to vesting scales that are expressed on an annualised basis, which ensures the retest does not make vesting easier. The purpose of retesting is to address short-term anomalies that arise at the relevant calculation points, and to motivate management to strive for improvement if the Rights fail to vest at the first instance.
Exercise Price	Nil.
Cessation of Employment	<p>The SCLRP contains provisions concerning the treatment of vested and unvested Rights in the event that a participant ceases employment.</p> <p>Unless the Board determines otherwise, if an SCLRP participant ceases employment by reason of resignation, termination for poor performance or termination for cause, all unvested Rights held by the participant will lapse.</p> <p>Unless the Board determines otherwise, if a Participant ceases employment for any other reason, including by reason of death, disability, redundancy, retirement or by agreement, Rights that were granted to the participant during the financial year in which the termination occurred will be forfeited in the same proportion as the remainder of the financial year bears to the full year. All remaining Rights for which Vesting Conditions have not been satisfied as at the date of cessation of employment will then remain “on foot”, subject to the original Vesting Conditions.</p>
Change of Control of the Company	In the event of a change of control unvested Rights would vest in the same proportion as the Share price has increased since the beginning of the measurement period. Remaining Rights would either lapse or some or all may vest at the Board’s discretion. In relation to Shares that have resulted from the vesting of Rights, dealing restrictions, if any, specified in the invitation would also be lifted, though the Company’s securities trading policy would continue to apply.
Major Return of Capital	The SCLRP contains provisions that provide for vesting in the proportion of capital returned to Shareholders, or in the proportion that the Share price increased over the measurement period, with Board discretion regarding the remainder.
Voting and Dividend Rights	Rights do not carry voting or dividend entitlements. Shares issued when Rights vest carry all entitlements of Shares, including voting and dividend rights.
No Transfer of Rights	Rights may not be sold, transferred, mortgaged, charged or otherwise dealt with or encumbered, except by force of law.
Quotation	Rights will not be quoted on the ASX. The Company will apply for quotation of any Shares issued upon the vesting of Rights in accordance with the Listing Rules.
Variation of Term and Conditions	To the extent permitted by the Listing Rules, the Board retains the discretion to vary the terms and conditions of the SCLRP. This includes varying the number of Rights to which a participant is entitled upon a reorganisation of the capital of the Company.
Issue or Acquisition of Shares	Shares allocated to a participant when Rights vest under the SCLRP may be issued by the Company or acquired on or off market by the

	Company or its nominee. The nominee may be a trust, the purpose of which is to facilitate the operation of the SCLRP.
Cost and Administration	The Company will pay all costs of issuing and acquiring Shares for the purposes of satisfying exercised Rights, as well as any brokerage on acquisitions of Shares for this purpose and all costs of administering the SCLRP.
Other Terms of the SCLRP	The SCLRP also contains customary and usual terms having regard to Australian law for dealing with winding up, administration, variation, suspension and termination of the SCLRP.
Hedging	The Company prohibits the hedging of Rights or Shares subject to dealing restrictions by participants.
Lapse and Forfeiture of Rights	Rights will lapse if the prescribed Vesting Conditions are not satisfied within the prescribed measurement period, subject to retesting.
